

CHICAGO FIRE JUNIORS

SUMMER TECHNICAL TRAINING JULY 19th-22th, 2010

The technical training will work to improve the individual player. This training environment will work to equip each player with the necessary tools to develop better technique in dribbling, passing, control, attacking and defending.

The technical training will focus heavily on the improvement of 1v1 skills to beat players and the tactical use of these skills in small group play which the essence of soccer at all ages. Areas of concentration will be ball mastery, 1v1's with speed, passing and receiving, small group play and attacking and defending.
